DESERTED; MAN ATTEMPTS TO END LIFE

Bullet Follows Quarrel And Willits Visitor Is Near Death

WIFE SEES SHOOTING

Jealously Leads To Near Tragedy At Home In Northern City

WILLITS, Jan. 20.—Crazed with jealousy and despondent because his wife left him and returned to the home of her mother in this city, J. Kline shot himself through the chest with a revolver late Sunday afternoon and now lies at a local hospital in a precarious condition. Mrs. Kline witnessed the shooting.

Some weeks ago Mrs. Kline quarreled with her husband and came to Willits to make her home with her mother, Mrs. L. Good. Last Sunday Kline reached this city and went immediately to the Good home. He pleaded with his wife to return to him and when she refused threatened to end his life, but his threats were not taken seriously by Mrs. Kline.

When his wife had definitely refused to leave the home of her mother, Kline suddenly drew a revolver and fired. The bullet entered the right breast, is believed to have passed through the lung and came out his back, lodging in a door near which Mrs. Kline was standing.

The wife's screams brought neighbors to the scene and Kline was removed to a hospital. According to latest reports from Willits yesterday, there is little hope for his recovery.

CARPENTERS ARE BUSY AT N. W. P. ROUNDHOUSE

A crew of carpenters are at work at the local roundhouse of the Northwestern Pacific this week, repairing and improving the building so that facilities will be adequate here to care for the additional cars and locomotives necessitated by the increasing traffic on this line. Because of the additional traffic this city is becoming an important center for oil and other supplies and an average of four carloads of oil are being received at the Ukiah yards daily.

NEW MEMBERS OF THE OVERLAND CLUB

F. O. Taylor, local Overland dealer whose salesrooms are at the Ukiah Garage, reports great interest being manifested in the 1916 Overland. Curtis A. Miller, leading real estate man and general all-around booster, has accepted the delivery of an up-to-date touring car and several other cars have been sold for immediate delivery. Agent Taylor declares that the Overland's prospects are splendid and many other leading citizens are going to join the Overland Club.

CUPID TAKES ROLE IN WILBUR SHOW

With Dan Cupid in the leading role, "Paid in Full," will be presented at the Victory Theater tonight by the Dick Wilbur Company. And after the curtain falls on the final act, Cupid, with Judge D. C. Crockett officiating, will stage his own little production, the participants being George H. Johnson and Lillian Adams, both prominent memebrs of the Wilbur cast. It is to be a "sure-enough" wedding and Manager Cox, who purchased the marriage license yesterday from Cupid C. Thomas, has exhibited it to patrons of his theater, and is now busy combing the city for a best man and a bridesmaid.

BIG CITY GYM IS TO BE ERECTED FOR BOYS

There is need in Ukiah for a municipal gymnasium and swimming baths, declares Rev. D. Catchpole, the energetic pastor of the Baptist Church, and he is of the opinion that such an institution to be entirely successful should be free from religious control—in order that all classes of men and boys may avail themselves of its privileges.

Mr. Catchpole's plan is to have an association which would be capitalized with 500 shares of five dollars each; each shareholder would become a member and entitled to all the rights and privileges for annual dues of $3.00 or 25 cents a month.

It may be that a mass meeting will be called at an early date to see what public opinion's verdict on the proposition will be. More particulars will be given to this assemblage as an architect is working on plans and prices.

Tentative plans thus far considered include a building with corrugated iron sides and shingled roof having a frontage of 100 feet on Perkins street and a depth of 120 feet. The swimming tanks will measure 60x120 feet, divided by a gateway into two tanks, each 60x60 feet; one tank will have a depth of from 2½ to 5 feet and the other, equipped with springboards and sl'de, will run from 6 to 9 feet in depth. The gymnasium will be 20x120 feet, with a bowling alley. The social department will include several rooms which will measure in the aggregate 20x120 feet. Lockers will be provided and, if funds permit, it is likely that porcelain tubs will be installed. Proffers of work have been received and those to whom the plan has been communicated have given it their hearty approval.

CIVIL WAR VETERAN IS DEAD AT NAPA CO. HOME

W. R. Stanfield, for many years a resident of this county and a veteran of the Civil War, passed away at the Soldiers Home in Napa county the first of the week, according to news received from Yountville yesterday. Stanfield was a native of Ohio and was about 75 years old. At the outbreak of the war he joined the Ohio Volunteers and carried several scars from wounds suffered in the war. During the time of his residence here he was employed by Joe L. Cox, and about eighteen months ago went to the Soldiers Home.

TWO CANDIDATES TOSS HATS IN CITY ARENA

City politics are beginning to simmer and in this issue of The Press are the first two announcements for the coming campaign. Clerk Albert M. Hardie is seeking election to the office which he has so competently filled during his term and Julius Roller is asking the voters to return him to the office of city tax collector. Both have proved faithful servants of the people and have gained the friendship of a wide circle of voters.

STRENGTH AND BEAUTY TO BE FEATURES OF NEW BANK

Judge J. M. Mannon, president of the Savings Bank of Mendocino County, accompanied by Vice-President J. L. McCracken, left Monday on a tour of inspection of modern bank buildings in other cities with the view of seeing just what is required for the Ukiah institution. They will visit, among other places, Healdsburg, Petaluma, Lodi and Modesto and will be gone about a week.

The intention is to have the new home of the pioneer Ukiah bank one of the most modern structures of any financial institution in the this part of the State and a credit to the community for strength and beauty of its architecture.

TUBERCULAR WARD WILL BE BUILT AT CO. HOSPITAL

Important improvements are under way at the County Hospital and the County Physician, Dr. Judson Liftchild, has been authorized by the Supervisors to have a tubercular ward constructed that will be up-to-date and accommodate the growing needs of the institution. This building will be double, one side being intended for males and the other for females, with necessary baths and toilets. These tubercular wards will be patterned after those at the Mendocino State Hospital which have the approval of the State Board of Health.

The new building will be frame, with wire screening to admit plenty of fresh air, and the upper half will be glass and wire so that there will be ample light and ventilation—two necessary requisites for the cure and care of these patients. The beds will be below the wainscoting so that wind cannot blow on the patients who will be made as comfortable as possible.

Ward No. 5 will be converted from a male ward to a female, because of the greater demand for room and the present female ward will be changed to a male ward. Ward No. 6 in the two-story building is to have alterations on the second floor so as to make two large wards and increase the capacity. An addition will be made to the Steward's house by adding a bedroom.

The cost of these much-needed improvements will be under $1,000 and the work is such that the county can save money by having it done by day's work under the direction of Contractor Orr. Steward Mankins is a practical carpenter and will do part of the work.

The annual report of the County Physician shows that 77 inmates partook of the hospitality of the county institution, of whom 56 are more than 60 years of age. Five inmates admit to being between 50 and 60 years and three are under the half-century. There are three pay patients and sixteen charity patients, ten being males and three females. Under defectives, there are two blind, two deaf, four feeble-minded, six cripples and three tubercular. The cost per patient per meal is less than 15 cents—a record seldom seen in an institution of this size and chararacter. It may not be generally known that the hospital feeds the prisoners in the county jail and that the county farm is productive of revenue, resulting in annual saving to the county running close to a thousand dollars — really more if all the products had to be bought.

FRATERNAL ORDERS HOLD GALA FEASTS

UKIAH ODD FELLOWS WILL CONFER DEGREE ON A LITTLE LAKE MAN

Ukiah Lodge, No. 174, Independent Order of Odd Fellows, will have a red letter occasion next Tuesday evening at Odd Fellows Hall and it is expected that thirty Willits brethren of the "Three Links" will be entertained at a turkey banquet. The first degree will be conferred on a Willits candidate by the Ukiah degree team. This function was postponed from this week on account of the death of Mrs. Saxon, wife of a Willits Odd Fellow, and the lodge members wished to attend the funeral.

District Deputy Grand Master M. C. Rennick of Willits will install the new officers of Ukiah Lodge for the present term as follows: Noble Grand, George G. David; Vice-Grand, Louis J. Hardie; Secretary, Albert M. Hardie; Treasurer, Julius Roller; Warden, Pearl Fairbairn; Conductor, F. P. Stipp; R. S. N. G., Chris Bruns; L. S. N. G., L. H. Foster; R. S. V. G., Mack Howard; L. S. V. G., Louis C. Farrer; Right Scene Supporter, Edgar Dutton; Left Scene Supporter, Charles Kasch; Inside Guardian, Nathan Beckley, Outside Guardian, James Laviletta. The banquet and after-dinner speeches will follow the secret work.

PYTHIAN KNIGHTS HAVE GALA NIGHT; ENTERTAIN GRAND OFFICER AND BANQUET

Wednesday evening was a gala night in Pythian history of Ukiah and the Sir Knights had the honor and pleasure of entertaining Grand Vice Chancellor Joseph C. Brown, who made his official visitation to Ukiah Lodge. The distinguished visitor is an eloquent speaker and made a masterly address on "Pythianism—Its Brotherly Love and Helpfulness." The members were greatly edified by the timely talk and the grand officer spoke at considerable length on the condition of the order, its wonderful growth and its brilliant future.

The Grand Vice Chancellor stated that 750,000 Knights are enrolled in the order and there are 100,000 Pythian Sisters. In the Uniform Rank, several thousand more trained soldiers are enlisted than in the standing army of the United States. The K. of P. do much for the poor, going outside the order to extend help where needed. After the meeting, the members and guests adjourned to the Palace Hotel where Mine Host Sandelin set forth a fine banquet. Chancellor Commander Tracy presided as toastmaster and good fellowship prevailed until midnight. A feast of reason and flow of soul continued until nearly all present had responded to toasts.

DEATH SUMMONS BELOVED WOMAN

WILLITS, Jan. 20.—Last Sunday the whole community was shocked when the message came of the death of Mrs. W. T. Saxon in San Francisco, this estimable lady having passed away in St. Francis Hospital about 9:30 o'clock that morning. It was expected and hoped that she would be able to return home in about a week, but on account of her weakened condition, death came suddenly. For a number of years Mrs. Saxon had been afflicted with goiter. About two years ago she underwent an operation and six weeks ago it became necessary to repeat the operation.

The body was brought up from San Francisco Monday night and the funeral services were held from the Baptist Church Tuesday afternoon, Rev. W. C. Whitaker officiating. There was a large attendance of sympathizing friends and sorrowing relatives. Interment was in the family plot in the Odd Fellows' Cemetery.

Mrs. Saxon was the wife of W. T. Saxon, President of the Commercial Bank of Willits and a director of the Irvine-Muir Lumber Company; for many years he has been prominent in the civic affairs of Mendocino County and at one time was Chairman of the Board of Supervisors. Besides her husband she is survived by her aged mother, Mrs. Duffield, a pioneer resident of this county, four daughters and one son are bereaved of their best earthly friend. Mrs. Saxon was highly respected throughout the community as was evidenced by the large number of people who attended the services to pay the final tribute to their departed friend and neighbor.

COVELO MYSTERY IS THOUGHT MURDER

Mystery still shrouds the death of Carter W. Rohrbough, Covelo attorney, who was found dead near his cabin last Saturday after being away from town on a hunting trip since the first of the year. District Attorney McCowen and Sheriff Byrnes went to the scene of the tragedy on Tuesday. Reports are meagre concerning the mysterious shooting but most stories indicate that the lawyer's body was found outside the cabin, with a shotgun wound in his left breast, while the weapon was discovered several hundred feet away. Indications are that Rohrbough had been dead about twelve days when found.

Friends organized a searching expedition when the missing man did not return and the grewsome discovery was made. Telephone messages state that Judge G. R. Redwine of Covelo acting as coroner, impaneled a jury which could not agree as to whether it was murder or suicide.

Rohrbough was a nephew of the late George White, Mendocino County cattle king, and is a brother of John W. Rohrbough, former partner and successor of his uncle. He had practiced law in Covelo for many years and was well known in the northern part of the county.

BUSINESS PROPERTY IS SOLD TO ABE RUEF

A choice business property was sold during the week and the purchaser is said to be Abraham Ruef, who resided for several months at Vichy Springs. The lots involved are at the southwest corner of School and Church streets and were known as the Eagles' lot. A. L. Tracy sold two lots and F. O. Taylor, the Christian Science Church and Eagles sold a lot apiece. It is understood that the purchaser will improve this valuable property at an early date.

MARRIAGE LICENSES

Licenses to wed were issued during the week to Joe F. Pedro, 23, of Fort Bragg and Daisy Fallon, 17, of Ukiah; George H. Johnson, 29, and Lillian Adams, 18, both of San Francisco.

SHERWOOD CASE TO GO TO HIGHER COURT

There was a lively time in Justice Crockett's court Monday afternoon during the trial of the case of Mrs. R. A. Boyd against L. W. Silveria, in which she claimed that $125 was due for wages and that $23 should be allowed for attorney's fees. Judgment was entered for Mrs. Boyd for $97.80.

Mrs. Boyd was represented by Attorney F. W. Taft of Willits, while Attorney H. L. Preston appeared for Silveria. There were five witnesses who upheld the defendant's contention while two witnesses took the stand for Mrs. Boyd.

Several tried to speak at once during the progress of the hearing and Justice Crockett was compelled to rap for order repeatedly. Attorney Preston has already filed notice of appeal in the higher court, so that the case will be reopened.

FORMER INN KEEPER CLAIMED BY DEATH

Joe Ainslie, formerly of this city and until lately manager of the Riverside Inn on the Lake county road, north of Ukiah, passed away at Boonville last Thursday after a long illness. The body was taken to Point Arena for burial. He is survived by the widow, son, mother, four brothers and five sisters. Mr. Ainslie was born in Canada fifty-seven years ago and at one time conducted with great success the Anderson Valley Hotel at Boonville.

Stout will conduct the ceremonials for the Chapter and will install these officials in their respective stations: Most Excellent High Priest, William Summerfield Van Dyke; King, William Finne; Scribe, Frank Thomas Barker; Secretary, Clarence Ulmer White; Treasurer, John Henry Barker; Principal Sojourner, Charles Mifflin Mannon; Captain of the Host, Dr. George Washington Stout; Royal Arch Captain, George Pressley Anderson; Master Third Veil, Joseph Leslie McCracken; Master Second Veil, John Blaine Palmer; Master First Veil, William Bromley; Sentinel, Washington Irving Bailey.

SHERIFF CORRALS 14 BLIND PIGGERS

Sheriff Ralph Byrnes and Deputies Clay and Ganter escorted six alleged "blind-piggers" to the county seat Saturday, following their indictment by the grand jury. Those arrested were G. Valenti and A. Pollastrini, of Greenwood; John Burgeson and Wm. Hitchens, of Westport; Harry Nichols and William Grotz, of Mendocino. Grotz secured bail Wednesday, while the others were released under bonds soon after being arrested. Walter Clark and Cleve Ledger, arrested at Covelo also secured bail. Deputy Sheriff Clay brought down Arthur Harmon from Covelo Wednesday and he is now in jail. Sanford Redwine of Covelo and William Fox secured bail and were not brought here. M. D. Nolan of Mendocino forwarded his bail-bond to the sheriff's office and William Haas of Kenny and Lil Charles of Greenwood are said to have given surety for their appearance when wanted.

U. S. PREPAREDNESS

THERE IS ONLY ONE WAY THAT IT CAN BE MADE A REALITY WHICH WILL BE AS VALUABLE IN TIMES OF PEACE AS ON THE BATTLEFIELD.

THERE IS NOTHING that the American people need so much as the right sort of preparedness. We are not thinking so much of army and navy—though these need looking after—as of a better and wiser ordering of our social and industrial life. That we are not undisciplined people all the world knows. But there are some among us, reacting from the German kultur, who seem to think that there is a necessary conflict between discipline and freedom. It will be no easy thing to uproot that fallacy. To those who are the victims of it, we venture to suggest that there is such a thing as self-discipline. And our people can, if they will, order their own lives without any considerable help from the government.

The highest efficiency is not that enforced by a task master, but rather that which grows out of individual initiative. But if initiative is to be of any value it must initiate something. There is a growing slackness among all classes of our people, an increasing number of men and women who are determined to live by their wits, and we can not deny that there are more people than there used to be who are satisfied to "get by." These vices are not inherent in a democracy. They are rather the result of a false development. Democracy is not necessarily inefficient. To admit that would be to admit that it was a failure.

It has been many years since the American people were called on to make any sacrifices for the nation—except the paying of taxes. For a good while now their thought has been, not of what they could do for the state, but of what the state should do for them. We do not at all mean that the old spirit of patriotism is dead, but it is certainly somewhat in abeyance. We have been thinking of our rights as against other classes and against the government rather than of our duties to both. We have seen how difficult it has been for the British government to enlist all its citizens in a vigorous prosecution of the war. Narrow people and class interests have been placed before the general welfare and the national safety. That there is something of this spirit in the country can not be doubted.

Our people must realize that just because they are freemen it is their duty to serve and support that government—and if need to give to it everything they have, even life—that was instituted and now exists to protect and defend that freedom. It is not much to ask men to serve for a time with the colors, especially as the training will do them good and make them better citizens. It is not much to ask men to pay whatever taxes may be needed to increase the armed strength of the nation. There are men in this country, who boast of their democracy, who would have the activities of American life managed on a sort of go-as-you-please plan, who resent the very suggestion of discipline and obedience, and who think that society—as well as of an army—as an unorganized mob.

In all the ways indicated the American people can make preparedness reality, and a reality that will be as valuable to them in times of peace as in times of war. Hard and intelligent work, thrift, love of country, obedience to law, devotion to study, and a willingness to sacrifice self interests to the public—what better preparedness could there be?

RURAL MINISTERS

THE PRESBYTERIAN CHURCH is maintaining a Country Life Department to train rural ministers. Nearly every denomination is doing something along this line. It is felt that young clergymen should not look at a country parish merely as a stepping stone to some larger city salary. Such good work should be done that the village can well afford to pay for it.

Country ministers used to preach long sermons about justification and election. Hearers with a taste for casuistry were interested. Others slept. The preacher spent a big share of his time in the study getting ready to annihilate the next heresy.

Some people believe the country minister should be competent to advise his people about breeding hogs as well as saving souls. That is perhaps asking one man to spread himself out too thin. Still, it is doubtful if it pays him to spend more than an hour or two a day in book study. Perhaps not so much as that. Let him get more of his illustrations from the experiences of his parishioners.

The great trouble with country life is lack of initiative. The community is disorganized. Every one works hard, and many necessary functions are not performed. If the minister does not dig too deep at books, if the rheumatic old ladies don't demand too much consolation, he should be able to boost along public causes.

The time spent in coaching an amateur play may not be wasted. He might not be contaminated by running a dance. If these entertainments keep the young people out of the rowdy dance on the street corner, they serve their day and generation. The study of the future will not be so much a room lined with books as the fields and shops and halls where men and women work and play.

But a minister must never stop thinking. He must be an originating, initiating mind. The routine worker takes to books because it is easier to borrow ideas than to create them. The minister's own parishioners have ideas, and very practical ones, too. Borrow a few of these!

TALKS ON ADVERTISING

BY NELS DARLING

(Number Four.)

A New Year's Greeting in a paper during the month of August, that that his appeared in every issue since the previous December, is mighty poor advertising. I saw this adv. in a paper in Iowa last summer. In a Missouri paper I saw garden seeds advertised and the files showed that the adv. had appeared in every issue since the previous spring. The manufacturer can talk his goods throughout the year, in season and out, but the retail merchant must tell his customers of things in season, of the goods on his shelves that he wants to sell now, and of the commodities that the consumer is going to buy because the season and his needs demand them.

A merchant walked into a newspaper office—in his hand he held an ordinary ink blotter on which was printed his name and the statement that his store was headquarters for hardware. He handed the blotter to the Editor and said "Just run this for my adv. this week." A mere business card is very poor advertising for any merchant. The few lines of space used to tell the farmer, the housewife, the business man that you have something they need will bring results in time. A description of some article in season, a line or two about its merits, its salient features, will be sure to attract attention.

Don't give yourself and the Editor the excuse that you are too busy to prepare your copy in advance. Be systematic—select some day in the week, some hour in the day for studying, thinking and preparing copy for your advertisement.

You merchants who keep your books right up to the minute, look after collections carefully and pay your bills promptly, usually have no regular time for attending to this important matter of advertising. Better put this down with the necessary duties mentioned above and give it the same attention if you wish to see a continual growth in your business.

COLLEGE ATHLETICS

THERE IS a tempest of discussion over abuses of college athletics. These questions were threshed out by the National Collegiate Athletic Association at its recent meeting, with ex-President Taft as a leading speaker. Whether the association will accomplish any positive results remains to be seen.

American youth does not enter sport for the impersonal satisfaction of the trained skill of eye and hand. It is a problem of defeating dreadful rival colleges, which must be met or disgrace accepted. If a man who is practically a professional can be captured, there are devious ways enough of passing him along. The system with which the "prep school" field is canvassed for recruits is exceeded by nothing in the line of efficiency except the recruiting organization of the German army.

Perhaps the greatest abuse is that athletic training is so much concentrated on the demigods of the varsity team, while the great majority of the students do not get systematic physical culture. Time spent yelling on the grand stands, or discussing the latest details about the pitcher's throwing arm, is not time spent in physical development.

Much could be said for a system in which college students would be required to spend a period of time daily in some active sport. Many of the boys would become so keenly interested in the problem of developing their own skill, that the interest in the welfare of the team should lose a little of its abnormal fever.

This would provide a splendid safety valve for surplus energy. It would lay up a stock of physical capacity for the strains of future years. It is a more normal kind of development than the coach trained man gets, and it would not absorb such undue attention.

TOILS OF KIDDIES

THE EXTENT to which their children have to study their lessons at home is a matter of anxiety to many parents. When a youngster finds himself up against the tough nuts of the latter part of the arithmetic, he has to do some pretty solid work. He is likely to get tired, nervous, and irritable. His parents deplore the overwork and cramming of the schools.

An experienced and gifted teacher puts it as his belief, based on many years of teaching, that boys and girls in the ninth grade of school can fairly be expected to do about an hour and a half a day of home work, but should not be expected to do more than that.

Teachers in many of the higher grade schools complain bitterly of the lack of preparation of the children that come to them. They are lame in arithmetic and write in an illiterate manner. In well conducted schools a special effort is made in the eighth or ninth grades to remedy these defects of the lower grade work. That means incesssant drill, so that performing the processes correctly becomes a matter of habit.

Where the strain and nervousness come in it principally because so many people, both children and grown-ups, are naturally inaccurate. The father and mother who set out to help the boy do those tough examples by measurements, and partial payments, are quite as likely to make mistakes as the youngster. In doing the big multiplications and divisions it is very easy to make some trifling error that will invalidate the whole process.

It excites one's sympathy to see a child having these first struggles with the obstacles and difficulties of life. But it is a necessary part of experience. Arithmetic work is a splendid training in accuracy of detail work, which is one of the best qualifications for success in any kind of career. Where children can be properly graded, so that the brighter ones can be given an amount of work equal to their powers, while the more backward ones shall not be overloaded, better results are obtained with less friction.

CLEAN HANDED JOB

IT IS SELDOM THE CHAP WITH THE FLASHY CLOTHES AND THE SPARKLING MANICURE WHO MOVES THE MACHINERY OF MODERN PROGRESS AND DEVELOPMENT.

TWO MEN were discussing the other day the question of relative pay in different employments. One man was a bookkeeper and one was a locomotive engineer. Apparently the first was getting something like $2.50 a day, and the latter nearly twice as much.

"Everybody's getting pretty tired of the way your crowd is hogging it," was the way the bookkeeper put it, after his dander had risen several degrees. "It takes just as much brains to be a bookkeeper as to be an engineer, and yet you get nearly twice the pay. It raises the cost of living for everyone else."

The above mentioned dispute raised a question that this newspaper could not try to settle. About all you could say is that the two callings require two very different types of brains. One may not be superior to the other, though as things go one is in greater demand. The engineer would have mussed the other man's books in a hopeless tangle of wrong credits. The bookkeeper would scarcely have known the belt rope from the steam gauge.

Not many years ago bookkeeping jobs were deemed more gentlemantly. A bookkeeper could belong to select clubs from which the grimy-handed engineer was excluded. But now the presence of women in clerical work has lowered wages. Anything that can be done with pen, ink and typewriter, women can do as well as men, and often with a more methodical accuracy.

The trend of the times is to drive men into more constructive work, even if a "biled" shirt is discarded for overalls. The man who grapples at first hand with steam and steel and electricity usually gets higher pay than the man who sits in an office and who merely records the things that other men have done.

Wherefore, don't be afraid to get your hands dirty, boys! Remember that it's a world of dirt and dust and smoke. The farther away you get from all the grime, the less your share of its reward is likely to be.

JOINT BIRTHDAY FOR BANK OFFICIALS

When two men as closely associated as Cashier Arthur Tracy and Assistant Cashier William Bromley of the Savings Bank of Mendocino County select the same day as a birthday, there is apt to be a conflict, but strange to say only harmony resulted, although Mr. Tracy intimated that he had preempted the natal day before his side-kicker ever thought of such a thing and that Mr. Bromley had shown a surprising lack of originality in picking out the same day on which to make his first appearance on any stage. Both gentlemen succeeded in celebrating their joint birthday to their satisfaction and deny the soft impeachment that they are twins, even though they are caged together at present.

Mr. Tracy states that he enjoyed jack rabbit for his birthday dinner, while Mr. Bromley feasted on chicken. Both are native sons of the Golden State, Alameda county being the birthplace of the former, while the latter hails from San Benito county. The bank cashier came to Mendocino county in June, 1876, so the scribe guesses that he grew up with the country. Our congratulations, gentlemen, and long may you live and prosper.

REDWOOD MILLS HOPE FOR GOOD '16 SEASON

January Starts Sawmills A-Booming With A Brisk Business

MENDOCINO IS KING

Fort Bragg Leads County Ports and Shipped Ten Cargoes to S. F.

The first fortnight of January is remarkable for the great impetus in the lumber industry and the new year promises to be most prosperous for the saw mill men in the same degree that 1915 was an off year. Mendocino county is more than maintaining its lead in redwood shipments and the receipts at San Francisco from our county ports total half-as-much again as Humboldt and Del Norte counties combined or 6,951,000 as compared with 4,626,000 from the two ports of Eureka and Crescent City.

The redwood figures from the Mendocino county ports are illuminating to the doubter, so we give them as follows:

Albion	1,394,000
Caspar	1,275,000
Fort Bragg	2,788,000
Greenwood	424,000
Mendocino	1,070,000
	6,951,000

There were twenty-three cargoes and these ranged from 125,000 feet to 625,000 feet, being credited to the ports as follows: Albion, 4; Caspar, 2; Fort Bragg, 10; Greenwood, 2; Mendocino, 5. There is a world-wide demand for redwood lumber and there are many prophets who predict that the entire year will be marked by busy times in the sawmilling industry. Here's hoping!

FINE CHICKENS AT THE STATE FAIR

The annual chicken show of the State Poultry Association was held last week at Sacramento and attracted a large number of visitors, while the exhibitors showed a record-breaking number of fine birds. Among the exponents of thoroughbred stock were the following from the coast counties: Hon. Hale Prather, Ukiah; Cliff Harvey, Cloverdale; Fred J. Kinley, Healdsburg; Frank Powell, Santa Rosa, and a host of others. The number of exhibits exceeded those of any similar show held heretofore and the quality of the birds shown was above that of most poultry shows of the West, showing a vast improvement in breeding stock in recent years.

The Barred Rocks were the star performers of the show and Fred J. Kinley captured second and third prizes in high-bred stock. County Clerk Hale Prather won two prizes, being third with his cockrel pen and fifth with pullet pen. The competition was exceedingly keen and there were many fine entries in these two classes.

UPPER LAKE PHONE LINE ELECTS NEW OFFICERS

The annual meeting of the Upper Lake Telephone Association was held last week and these officers were elected: President, J. D. Mason; Vice-President, Sam Jones; Secretary, Herbert Sneed; Treasurer, P. W. Polk. Reports of officers showed a very satisfactory year.

ADVERTISED MAIL MATTER

The following is a list of unclaimed mail matter advertised by W. B. Hagans, Postmaster of Ukiah, for the week ending January 17, 1916, and sent to the Division of Dead Letters, Washington, D. C.:

Mrs. Mattie Akin, Miss Fern Brown, Mrs. Wm. Bonsall, Miss Catherine Cox, H. A. Fairbanks, Fred Colgert, James, Jose, L. W. Kelsey, Harry Ragsdale, Henry Thompson, Miss Amy Williams.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

Prince Albert is such friendly tobacco

that it just makes a man sorry he didn't get wind of this pipe and cigarette smoke long, long ago. He counts it lost time, quick as the goodness of Prince Albert gets firm set in his life! The patented process fixes that—and *cuts out* bite and parch!

Get on the right-smoke-track soon as you know how! Understand *yourself* how much you'll like

PRINCE ALBERT

the national joy smoke

It stands to reason, doesn't it, that if men all over the nation, all over the world, prefer P. A. that it must have *all the qualities* to satisfy your fondest desires?

Men, get us right on Prince Albert! We tell you this tobacco will prove better than you can figure out, it's so chummy and fragrant and inviting all the time. Can't cost you more than 5c or 10c to get your bearings!

Watch your step!

It's easy to change the shape and color of unmistakable brands to imitate the Prince Albert tidy red tin, *but it is impossible* to imitate the flavor of Prince Albert tobacco! The patented process protects that!

Buy Prince Albert everywhere tobacco is sold—in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and—in that classy crystal-glass pound humidor with sponge-moistener top that keeps the tobacco in such great trim!

OLD SHINPLASTERS ARE WORTH MUCH IN MODERN MONEY

CITY TREASURER ROLLER POSSESSES ANCIENT CURRENCY WHICH HE PRIZES HIGHLY.

City Treasurer Julius Roller strolled into the Savings Bank of Mendocino County Tuesday morning to examine some papers in his safe-deposit box and as he started to leave, turned to Cashier Tracy with the remark that he had a collection of United States money that could not be duplicated by any bank in the county. This somewhat rash statement aroused a little doubt for the "watch-dog of the city treasury" is sometimes inclined to josh when not on official business and the bank officials requested to be shown. Mr. Roller produced sixteen ancient shinplasters which he purchased sixteen years ago and would not sell for sixteen times their cost. This collection of war-time currency includes one 3-cent bill, one 15-cent bill, three 5-cent bills, three 10-cent bills, four 25-cent bills, and four 50-cent bills. The bunch of bills totaled $3.63 in face value while their real value might be that many dollars.

The three-center was good only for postage stamps while the others were valid for customs, taxes and every other purpose that demanded legal tender. The engraving on all this fractional currency is as fine as that on the larger bills and both sides were printed, the obverse being the familiar (to some of us), green that gives them the name of greenbacks. All were issued during the dark days of the Civil War when the government credit was strained to the utmost.

Mr. Roller also has a half-dollar that was minted in 1806 and is in a good state of preservation notwithstanding it has commenced on its second century. He cherishes a silver ring of the Queen of Spain, having a crown on the inside.

CHICO NORMAL PLANS MATURING

The plans of the Chico State Normal school, to hold a summer session, are maturing.

The board of trustees of the Chico Normal will decide upon the matter, at their regular meeting on January 27.

Inquiries have come from experienced teachers all over the state, who desire to take advantage of this opportunity to receive the best methods of teaching hygiene and health, art, music, primary handwork, primary reading, spelling and writing.

Regular Normal credit will be given for all completed work.

It is proposed to hold this session at Upper Soda Springs, Shasta County.

GRAPE GROWERS WILL EDUCATE PROHIBITIONISTS

The wine men of Sonoma county have started a campaign for the education of citizens in opposition to prohibition and a meeting was held at Healdsburg Saturday when C. E. Bundschu, a member of the committee of wine men who visited Washington recently in the interests of the wine industry, made a report of what had been accomplished at the National Capital. This committee will draft a bill for presentation to Congress which will raise additional revenue without imposing any extra tax on the grape grower. The Sonoma County Grape Protective Association passed resolutions declaring that the two prohibition amendments which are to be voted upon next November will ruin the grape and wine industries which have been fostered by the State and Nation since 1862. The association also voted to secure funds for the educational campaign which it is hoped will swamp the prohibition cohorts.

SUMMER SCHOOL CONFERENCE HERE ON MARCH 29

Arthur C. Gunn, Sunday School Missionary for the Presbytery of Benecia, was a Ukiah visitor Tuesday to arrange for a conference of Sunday School workers to be held at the local Presbyterian Church on the vening of March 29. The Board of Education of the Presbyterian Church is contemplating organizing a Summer School for religious work in California and hopes to begin active work in this line during the coming season.

Mr. Gunn is considering the location of Lakeport in Lake county, and Guerneville on Russian River, on account of the aquatic sports as boating and fishing can be enjoyed. A portion of each day will be devoted to outdoor enjoyments while the course of study will include Sunday School work and all work for young people.

THE NEWEST REMEDY FOR Backache, Rheumatism and Dropsy.

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distress, bladder disorders and sometimes organic dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is also time for "An-uric," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths and insurance companies examining doctors always test the urine of an applicant before a policy is issued. If you wish to know your condition send a sample of your urine to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any charge whatever and Dr. Pierce or one of his associates will give you a careful medical opinion regarding your case.

UKIAH PROTESTS REFEREE'S DECISION

Basket Ball Game With Mendocino Appealed to C. I. F. Head

BY LUCILE CLELAND

The basket ball game with Mendocino high school came off Saturday night as scheduled. The visiting team made the trip over in an auto stage and were entertained by the boys at their various homes. Daniels, who graduated from the Mendocino school, and who is taking a post graduate course, came as referee, while Bud Chessall asted as chaperon. The Mendocino boys played a good game, if one enjoys a dirty deal. Daniels, the referee called 17 fouls on Ukiah, but left Mendocino's chart clean. Bill Connolly, as umpire, gave the coast team quite a few pointers in 1916 rules, greatly to the astonishment of the fog eaters. At the end of the second half one of our men, having four personal fouls, was replaced by German, who fought with the determination similar to his fatherland. When time was called the score was 27 to 18 in Mendocino's favor.

Not Howling Because Hit

A strong feeling arose among the spectators during the game and it grew so that the boys at least decided to protest the game. The boys were slow in taking th's step fearing that a feeling might exist in the hearts of a very few that we are howling because we were hit. Well, we were hit, but it has always been our policy to fight in the open and not throw pebbles from around the corner or high up in a tree. The boys have written to Ralph Bergen of the N. W. S. and have placed a protest before him. As yet no word has been received.

Sebastopol won the game played with San Rafael last week. If we win our protest we play Sebastopol for the championship of the league.

Penny Scott is especially happy this week. It is rumored that his older brother, Russell, has added 71 pennies to Lester's 42, so that at the time school is out, he will be able to do the leap year stunt, if not before.

Graduated in Matrimony

The Senior class lost one of its most popular as well as studious member a few days ago with the marriage of Geraldine Stanley and George Ward. The [illegible] came as a great surprise at school as only a few knew than an engagement even exister. Pete is wondering how he is to recover his medal.

Hamby Ford was absent from school Wednesday. Some one said that he was detained at the "White House."

The regular meeting of the Parent Teachers Association was held in the high school building last Thursday. A large number of the members were present and the usual business was carried on. Miss Haile's vocal class rendered a few numbers during the fore part of the hour.

Paul Mathews, one of our basket ball stars, had the misfortune of breaking his ear drum during practice last week.

Mr. Thurston, local electrician, visited school Wednesday morning, repairing the electric bell.

Boys Are Leap Year Housekeepers

Grant and Howell of the Freshman class are chief housekeepers at the training house this week. The boys are doing good work and show good chances of obtaining steady work throughout the Leap Year season.

The first girls' basket ball game of the season will take place tonight at the local hall between our team and Willits. The girls have practiced faithfully throughout the year and stand good chances of winning.

Surprise the Newly-Weds

Several high school girls made up a party and called on Mr. and Mrs. Russel Ford last Tuesday night. The newly-weds were quite surprised and all report a most enjoyable evening.

The "K" Club will give another of their most enjoyable dances tomorrow night at Odd Fellow's Hall. This dance holds a surprise in store for all who attend.

Eloquence to Sway Multitudes

Miss Leila Gibson is to be chairman of the Lyceum program this afternoon. This meeting will probably be one of the most educational as well as humorous ones of the year. The chairman will speak on the San Diego Exposition and will no doubt make it very interesting as she spent six weeks viewing the wonders of the southern exposition. With the coming

Model 83 B

With unerring judgment of value—

With a rush that swallowed up a record production in jig time—

The public took more than 50,000 of the $750 Overlands in six months.

In six months we've absorbed all the overhead; absorbed all the development expense; realized on all the experimental cost that is usually spread over a year.

We covered our material requirements at before-the-war-prices—saved three and a half million dollars on aluminum and another million on steel.

We have increased our production capacity of 300 cars per day last June to *1000 cars per day.*

So again we have broken *all* records.

Again we have planned and bought material for a bigger production program.

And again we are setting a new and supreme standard of value.

You can now buy the big, roomy, comfortable, thirty-five horsepower Overland for $695..

Here is the value which has clearly dominated the automobile market for the last six months—now made even more clearly dominant.

Here is the car with a performance record never even approached by any car of its size ever built—fifty thousand in every day service.

And though the price is reduced the car is improved.

It has an up-to-the-minute power plant, en bloc type, developing full thirty-five horsepower. It has abundant power and speed and an exceptionally quick get-away.

The value is pre-eminent—unapproached.

We guarantee that the price for this model will never be lower.

But this price reduction is made in the face of a rising material market—we cannot guarantee that it will not be higher.

See us now—anticipate your requirement if need be—but make sure of your delivery *now.*

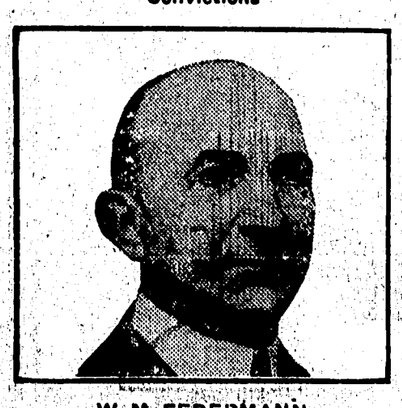
W. M. Federmann, a Leading Druggist of Kansas City Stands By His Convictions



W. M. FEDERMANN

"I have always believed," he said, "that a druggist's first duty is to the health of his customers. I tell my people frankly that a safe, gentle, inexpensive laxative such as Rexall Orderlies, kept in the home, will pay the biggest dividends of any investment ever made. I recommend it as the best family laxative, because it is put up in tasty candy tablet form that appeals to men, women and children alike, and is as delightful and pleasing to take as it is healthful."

We have the exclusive selling rights for this great laxative. Trial size, 10 cents.

SHEEPMEN WILL ASK MORE COYOTE BOUNTY

Shall the coyote bounty in this county be increased to $25 per scalp instead of $6, as is now offered by the supervisors?

This is a question of vital concern to the sheepmen, and with brother stockmen from Sonoma, Lake, Humboldt and Napa counties, they have appointed committees to urge an increase before their respective boards of supervisors.

Perhaps the only sheepman in the county who has not complained of the rapidly-increasing number of coyotes is J. H. Clarke of Cahto, who has recently fenced his entire vast acreage with "coyote proof" fence.

SINGLE CHASSIS OF MAXWELL MOTORS

One hundred thousand automobiles of the familiar standard type will be the output of the Maxwell Motor Company's big factories during the next year according to announcement received by C. A. Bernhard, of the Ukiah Farmers' Club, local Maxwell dealer, from Detroit this week.

The expansion of the Maxwell Company, under its present policy of producing but a single chassis, has been remarkable, even in this day of rapid motor car development. But a little over two years ago the first of the familiar "25" types made its appearance. Since then the production has more than doubled itself each season, until now 100,000 cars are necessary to fill the natural demand.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Women of Sedentary Habits.

Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

Bad Cold Quickly Broken Up.

Mrs. Martha Wilcox, Gowanda, N. Y. writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere.

It is the intention of the County Clerk's office to make registration as easy and convenient for citizens as possible.

PROGRESS CLUB PLAY FOR LIBRARY BOOKS

POTTER VALLEY, Jan. 20.—Tuesday evening, January 25, the play, "The Old District Skule," will be given by local talent in the Grange Hall, under the supervision of the Potter Valley Progress Club. The proceeds will be used for purchasing more books for the library.

Miss Eva Eddie, who has been visiting relatives in Santa Rosa, returned home Saturday evening last.

The old store property owned by Mrs. N. A. Barnett has been sold, and remodeled and re-fitted for a residence, postoffice and public telephone, conducted by F. A. Bucknell, who with his family is residing in the building.

Installed as Grange Head

On Saturday last a second installation of officers was held in the Grange, that is a couple who failed to be present at the last meeting, James Eddie, as Master, and Mrs. Alwilda Busch as Flora. After the regular routine of business the lecturers hour was opened to the public. It was conducted by the new Worthy Lecturer, J. G. Newman. A couple of male quartets were well rendered by Messrs A. A. Clapp, H. O. Shimmin, F. A. Busch and Joe Thornton. Roll call was responded to by each member present, telling why and what they thought was the most useful thing on a ranch and in the house.

Our Past Master, E. V. Jones, who has so successfully filled the chair three years from a membership of 31 then, to over a hundred at the present time, was prepared with an interesting farm topic to read, but owing to the lateness of the hour and by the consent of the Worthy Lecturer, was deferred until another meeting.

METHODIST LADIES TO BE DINNER HOSTESSES

The Ladies' Aid Society of St. John's M. E. Church will entertain Friday evening next when "The Feast of the Seven Tables will be presented and all guests are assured of hospitable treatment. Following the supper, the pageant, "The Ten Ages of Women," will be the atraction.

SUNDAY SERMONS AT THE BAPTIST CHURCH

Rev. D. Catchpole, the pastor, will officiate at both services Sunday at the Baptist Church. His sermon topics will be as follows: Morning—"The Sentinel and the Arsenal." Evening—"Get Off the Fence."

ART TABLEAUX AT THE KOSMOS CLUB

The bi-weekly meeting of the Kosmos Club was enlivened by many novel features which were enjoyed thoroughly by a large attendance of members and invited guests at the residence of Mrs. C. D. Flowers. After responses of Shakespearian quotations to roll-call, the Rose song from Carmen and an aria from Otello were given.

Art, typified by the drama, being the subject, Mrs. Julian LeRoy read a delightful paper on ancient and modern plays and players. Her essay showed much research and received favorable comment. Part of the large living room was curtained off in the form of a frame and after the literary progarm, the guests were entertained by a series of allegorical, mythological and humorous tableaux. Nothing more interesting or beautiful has been represented in Ukiah and it is hoped that in the future more spectators may enjoy these artistic statues. The social hour was enjoyable, the eatables and drinkables loosening the tongues of all present.

The committee selected to confer with Winnie Cox of the Victory Theater, reported that he had consented to present a series of films approved by them and taken from the pictures selected by the Ladies Home Journal as most appropriate for children. Last Saturday afternoon the first of the series was shown and, if sufficiently patrónized, they will be continued as the Saturday afternoon matinee features. These films are not only suitable for children, but being instructive and educational, will be appreciated by adults. It is hoped that the parents will accompany their children when these pictures are shown and encourage Mr. Cox to make them a permanent feature of his theater.

GROWERS TO DISCUSS HOP CONTRACTS MONDAY

Secretary Chas. E. Blalack of the Mendocino County Hop Growers' Association has called a meeting of members for next Monday afternoon at 2 o'clock at the City Hall for the purpose of discussing contracts for next year's crop. The important proposition will be discussed at length and the growers will be urged to demand equitable prices for their product inasmuch as there is a world shortage of hops. Mr. Blalack has devoted much time and study to the subject and his father, P. E. Blalack, is considered an authority on Russian River hops. The meeting should be largely attended

PIONEER DOCTOR CLAIMED BY DEATH

FORT BRAGG, Jan. 20.—Dr. Franklin H. Sanborn passed away Wednesday morning at the Fort Bragg Hospital after an illness of only a few days from typhoid-pneumonia. He had practiced on the coast for a quarter-century and was a native of Indiana. Dr. Sanborn was forty-six years of age and is survived by a widow. The funeral was held Friday afternoon from the undertaking parlors.

DESERTED; MAN ATTEMPTS TO END LIFE

Bullet Follows Quarrel And Willits Visitor Is Near Death

WIFE SEES SHOOTING

Jealously Leads To Near Tragedy At Home In Northern City

WILLITS, Jan. 20.—Crazed with jealousy and despondent because his wife left him and returned to the home of her mother in this city, J. Kline shot himself through the chest with a revolver late Sunday afternoon and now lies at a local hospital in a precarious condition. Mrs. Kline witnessed the shooting.

Some weeks ago Mrs. Kline quarreled with her husband and came to Willits to make her home with her mother, Mrs. L. Good. Last Sunday Kline reached this city and went immediately to the Good home. He pleaded with his wife to return to him and when she refused threatened to end his life, but his threats were not taken seriously by Mrs. Kline.

When his wife had definitely refused to leave the home of her mother, Kline suddenly drew a revolver and fired. The bullet entered the right breast, is believed to have passed through the lung and came out his back, lodging in a door near which Mrs. Kline was standing.

The wife's screams brought neighbors to the scene and Kline was removed to a hospital. According to latest reports from Willits yesterday, there is little hope for his recovery.

CARPENTERS ARE BUSY AT N. W. P. ROUNDHOUSE

A crew of carpenters are at work at the local roundhouse of the Northwestern Pacific this week, repairing and improving the building so that facilities will be adequate here to care for the additional cars and locomotives necessitated by the increasing traffic on this line. Because of the additional traffic this city is becoming an important center for oil and other supplies and an average of four carloads of oil are being received at the Ukiah yards daily.

NEW MEMBERS OF THE OVERLAND CLUB

F. O. Taylor, local Overland dealer whose salesrooms are at the Ukiah Garage, reports great interest being manifested in the 1916 Overland. Curtis A. Miller, leading real estate man and general all-around booster, has accepted the delivery of an up-to-date touring car and several other cars have been sold for immediate delivery. Agent Taylor declares that the Overland's prospects are splendid and many other leading citizens are going to join the Overland Club.

CUPID TAKES ROLE IN WILBUR SHOW

With Dan Cupid in the leading role, "Paid in Full," will be presented at the Victory Theater tonight by the Dick Wilbur Company. And after the curtain falls on the final act, Cupid, with Judge D. C. Crockett officiating, will stage his own little production, the participants being George H. Johnson and Lillian Adams, both prominent memebrs of the Wilbur cast. It is to be a "sure-enough" wedding and Manager Cox, who purchased the marriage license yesterday from Cupid C. Thomas, has exhibited it to patrons of his theater, and is now busy combing the city for a best man and a bridesmaid.

BIG CITY GYM IS TO BE ERECTED FOR BOYS

There is need in Ukiah for a municipal gymnasium and swimming baths, declares Rev. D. Catchpole, the energetic pastor of the Baptist Church, and he is of the opinion that such an institution to be entirely successful should be free from religious control—in order that all classes of men and boys may avail themselves of its privileges.

Mr. Catchpole's plan is to have an association which would be capitalized with 500 shares of five dollars each; each shareholder would become a member and entitled to all the rights and privileges for annual dues of $3.00 or 25 cents a month.

It may be that a mass meeting will be called at an early date to see what public opinion's verdict on the proposition will be. More particulars will be given to this assemblage as an architect is working on plans and prices.

Tentative plans thus far considered include a building with corrugated iron sides and shingled roof having a frontage of 100 feet on Perkins street and a depth of 120 feet. The swimming tanks will measure 60x120 feet, divided by a gateway into two tanks, each 60x60 feet; one tank will have a depth of from 2½ to 5 feet and the other, equipped with springboards and slide, will run from 6 to 9 feet in depth. The gymnasium will be 20x120 feet, with a bowling alley. The social department will include several rooms which will measure in the aggregate 20x120 feet. Lockers will be provided and, if funds permit, it is likely that porcelain tubs will be installed. Proffers of work have been received and those to whom the plan has been communicated have given it their hearty approval.

CIVIL WAR VETERAN IS DEAD AT NAPA CO. HOME

W. R. Stanfield, for many years a resident of this county and a veteran of the Civil War, passed away at the Soldiers Home in Napa county the first of the week, according to news received from Yountville yesterday. Stanfield was a native of Ohio and was about 75 years old. At the outbreak of the war he joined the Ohio Volunteers and carried several scars from wounds suffered in the war. During the time of his residence here he was employed by Joe L. Cox, and about eighteen months ago went to the Soldiers Home.

TWO CANDIDATES TOSS HATS IN CITY ARENA

City politics are beginning to simmer and in this issue of The Press are the first two announcements for the coming campaign. Clerk Albert M. Hardie is seeking election to the office which he has so competently filled during his term and Julius Roller is asking the voters to return him to the office of city tax collector. Both have proved faithful servants of the people and have gained the friendship of a wide circle of voters.

STRENGTH AND BEAUTY TO BE FEATURES OF NEW BANK

Judge J. M. Mannon, president of the Savings Bank of Mendocino County, accompanied by Vice-President J. L. McCracken, left Monday on a tour of inspection of modern bank buildings in other cities with the view of seeing just what is required for the Ukiah institution. They will visit, among other places, Healdsburg, Petaluma, Lodi and Modesto and will be gone about a week.

The intention is to have the new home of the pioneer Ukiah bank one of the most modern structures of any financial institution in the this part of the State and a credit to the community for strength and beauty of its architecture.

TUBERCULAR WARD WILL BE BUILT AT CO. HOSPITAL

Important improvements are under way at the County Hospital and the County Physician, Dr. Judson Liftchild, has been authorized by the Supervisors to have a tubercular ward constructed that will be up-to-date and accommodate the growing needs of the institution. This building will be double, one side being intended for males and the other for females, with necessary baths and toilets. These tubercular wards will be patterned after those at the Mendocino State Hospital which have the approval of the State Board of Health.

The new building will be frame, with wire screening to admit plenty of fresh air, and the upper half will be glass and wire so that there will be ample light and ventilation—two necessary requisites for the cure and care of these patients. The beds will be below the wainscoting so that wind cannot blow on the patients who will be made as comfortable as possible.

Ward No. 5 will be converted from a male ward to a female, because of the greater demand for room and the present female ward will be changed to a male ward. Ward No. 6 in the two-story building is to have alterations on the second floor so as to make two large wards and increase the capacity. An addition will be made to the Steward's house by adding a bedroom.

The cost of these much-needed improvements will be under $1,000 and the work is such that the county can save money by having it done by day's work under the direction of Contractor Orr. Steward Mankins is a practical carpenter and will do part of the work.

The annual report of the County Physician shows that 77 inmates partook of the hospitality of the county institution, of whom 56 are more than 60 years of age. Five inmates admit to being between 50 and 60 years and three are under the half-century. There are three pay patients and sixteen charity patients, ten being males and three females. Under defectives, there are two blind, two deaf, four feeble-minded, six cripples and three tubercular. The cost per patient per meal is less than 15 cents—a record seldom seen in an institution of this size and chararacter. It may not be generally known that the hospital feeds the prisoners in the county jail and that the county farm is productive of revenue, resulting in annual saving to the county running close to a thousand dollars — really more if all the products had to be bought.

FRATERNAL ORDERS HOLD GALA FEASTS

UKIAH ODD FELLOWS WILL CONFER DEGREE ON A LITTLE LAKE MAN

Ukiah Lodge, No. 174, Independent Order of Odd Fellows, will have a red letter occasion next Tuesday evening at Odd Fellows Hall and it is expected that thirty Willits brethren of the "Three Links" will be entertained at a turkey banquet. The first degree will be conferred on a Willits candidate by the Ukiah degree team. This function was postponed from this week on account of the death of Mrs. Saxon, wife of a Willits Odd Fellow, and the lodge members wished to attend the funeral.

District Deputy Grand Master M. C. Rennick of Willits will install the new officers of Ukiah Lodge for the present term as follows: Noble Grand, George G. David; Vice-Grand, Louis J. Hardie; Secretary, Albert M. Hardie; Treasurer, Julius Roller; Warden, Pearl Fairbairn; Conductor, F. P. Stipp; R. S. N. G., Chris Bruns; L. S. N. G., L. H. Foster; R. S. V. G., Mack Howard; L. S. V. G., Louis C. Farrer; Right Scene Supporter, Edgar Dutton; Left Scene Supporter, Charles Kasch; Inside Guardian, Nathan Beckley, Outside Guardian, James Laviletta. The banquet and after-dinner speeches will follow the secret work.

PYTHIAN KNIGHTS HAVE GALA NIGHT; ENTERTAIN GRAND OFFICER AND BANQUET

Wednesday evening was a gala night in Pythian history of Ukiah and the Sir Knights had the honor and pleasure of entertaining Grand Vice Chancellor Joseph C. Brown, who made his official visitation to Ukiah Lodge. The distinguished visitor is an eloquent speaker and made a masterly address on "Pythianism—Its Brotherly Love and Helpfulness." The members were greatly edified by the timely talk and the grand officer spoke at considerable length on the condition of the order, its wonderful growth and its brilliant future.

The Grand Vice Chancellor stated that 750,000 Knights are enrolled in the order and there are 100,000 Pythian Sisters. In the Uniform Rank, several thousand more trained soldiers are enlisted than in the standing army of the United States. The K. of P. do much for the poor, going outside the order to extend help where needed. After the meeting, the members and guests adjourned to the Palace Hotel where Mine Host Sandelin set forth a fine banquet. Chancellor Commander Tracy presided as toastmaster and good fellowship prevailed until midnight. A feast of reason and flow of soul continued until nearly all present had responded to toasts.

DEATH SUMMONS BELOVED WOMAN

WILLITS, Jan. 20.—Last Sunday the whole community was shocked when the message came of the death of Mrs. W. T. Saxon in San Francisco, this estimable lady having passed away in St. Francis Hospital about 9:30 o'clock that morning. It was expected and hoped that she would be able to return home in about a week, but on account of her weakened condition, death came suddenly. For a number of years Mrs. Saxon had been afflicted with goiter. About two years ago she underwent an operation and six weeks ago it became necessary to repeat the operation.

The body was brought up from San Francisco Monday night and the funeral services were held from the Baptist Church Tuesday afternoon, Rev. W. C. Whitaker officiating. There was a large attendance of sympathizing friends and sorrowing relatives. Interment was in the family plot in the Odd Fellows' Cemetery.

Mrs. Saxon was the wife of W. T. Saxon, President of the Commercial Bank of Willits and a director of the Irvine-Muir Lumber Company; for many years he has been prominent in the civic affairs of Mendocino County and at one time was Chairman of the Board of Supervisors. Besides her husband she is survived by her aged mother, Mrs. Duffield, a pioneer resident of this county, four daughters and one son are bereaved of their best earthly friend. Mrs. Saxon was highly respected throughout the community as was evidenced by the large number of people who attended the services to pay the final tribute to their departed friend and neighbor.

COVELO MYSTERY IS THOUGHT MURDER

Mystery still shrouds the death of Carter W. Rohrbough, Covelo attorney, who was found dead near his cabin last Saturday after being away from town on a hunting trip since the first of the year. District Attorney McCowen and Sheriff Byrnes went to the scene of the tragedy on Tuesday. Reports are meagre concerning the mysterious shooting but most stories indicate that the lawyer's body was found outside the cabin, with a shotgun wound in his left breast, while the weapon was discovered several hundred feet away. Indications are that Rohrbough had been dead about twelve days when found.

Friends organized a searching expedition when the missing man did not return and the grewsome discovery was made. Telephone messages state that Judge G. R. Redwine of Covelo acting as coroner, impaneled a jury which could not agree as to whether it was murder or suicide.

Rohrbough was a nephew of the late George White, Mendocino County cattle king, and is a brother of John W. Rohrbough, former partner and successor of his uncle. He had practiced law in Covelo for many years and was well known in the northern part of the county.

BUSINESS PROPERTY IS SOLD TO ABE RUEF

A choice business property was sold during the week and the purchaser is said to be Abraham Ruef, who resided for several months at Vichy Springs. The lots involved are at the southwest corner of School and Church streets and were known as the Eagles' lot. A. L. Tracy sold two lots and F. O. Taylor, the Christian Science Church and Eagles sold a lot apiece. It is understood that the purchaser will improve this valuable property at an early date.

MARRIAGE LICENSES

Licenses to wed were issued during the week to Joe F. Pedro, 23, of Fort Bragg and Daisy Fallon, 17, of Ukiah; George H. Johnson, 29, and Lillian Adams, 18, both of San Francisco.

SHERWOOD CASE TO GO TO HIGHER COURT

There was a lively time in Justice Crockett's court Monday afternoon during the trial of the case of Mrs. R. A. Boyd against L. W. Silveria, in which she claimed that $125 was due for wages and that $23 should be allowed for attorney's fees. Judgment was entered for Mrs. Boyd for $97.80.

Mrs. Boyd was represented by Attorney F. W. Taft of Willits, while Attorney H. L. Preston appeared for Silveria. There were five witnesses who upheld the defendant's contention while two witnesses took the stand for Mrs. Boyd.

Several tried to speak at once during the progress of the hearing and Justice Crockett was compelled to rap for order repeatedly. Attorney Preston has already filed notice of appeal in the higher court, so that the case will be reopened.

FORMER INN KEEPER CLAIMED BY DEATH

Joe Ainslie, formerly of this city and until lately manager of the Riverside Inn on the Lake county road, north of Ukiah, passed away at Boonville last Thursday after a long illness. The body was taken to Point Arena for burial. He is survived by the widow, son, mother, four brothers and five sisters. Mr. Ainslie was born in Canada fifty-seven years ago and at one time conducted with great success the Anderson Valley Hotel at Boonville.

BLUE LODGE AND ROYAL ARCH TO INSTALL

Annual Masonic Event For Saturday Evening

JOINT CEREMONIAL

Craftsmen and Ladies to Enjoy Social Session After Lodge Work

The great event of the year in Masonic circles will be the joint installation of officers of Abell Lodge, No. 146, Free and Accepted Masons, and of Ukiah Chapter, No. 53, Royal Arch Masons, to be held Saturday evening, January 22, at Masonic Temple and all craftsmen and their ladies have been favored with an invitation. A social session will follow the ceremonial work and the guests will be agreeably entertained.

Past Master Hale McCowen, Jr., will be installing officer of the Lodge and these officers will be inducted to posts of honor and responsibility: Worshipful Master, Percy West Handy; Senior Warden, Neil Marion Anker; Junior Warden, Hubert James Wellman; Treasurer, Howard Bud Smith; Secretary, William Bromley; Marshal, Hale McCowen, Jr.; Senior Deacon, Frederick Murdock McKenzie; Junior Deacon, Oscar Louis Olsen; Senior Seward, George Frederick Kohler; Junior Steward, William Finne; Tiler, William Henry Chessall.

Past High Priest G. W. Stout will conduct the ceremonials for the Chapter and will install these officials in their respective stations: Most Excellent High Priest, William Summerfield Van Dyke; King, William Finne; Scribe, Frank Thomas Barker; Secretary, Clarence Ulmer White; Treasurer, John Henry Barker; Principal Sojourner, Charles Mifflin Mannon; Captain of the Host, Dr. George Washington Stout; Royal Arch Captain, George Pressley Anderson; Master Third Veil, Joseph Leslie McCracken; Master Second Veil, John Blaine Palmer; Master First Veil, William Bromley; Sentinel, Washington Irving Bailey.

SHERIFF CORRALS 14 BLIND PIGGERS

Sheriff Ralph Byrnes and Deputies Clay and Ganter escorted six alleged "blind-piggers" to the county seat Saturday, following their indictment by the grand jury. Those arrested were: G. Valenti and A. Pollastrini, of Greenwood; John Burgeson and Wm. Hitchens, of Westport; Harry Nichols and William Grotz, of Mendocino. Grotz secured bail Wednesday, while the others were released under bonds soon after being arrested. Walter Clark and Cleve Ledger, arrested at Covelo also secured bail. Deputy Sheriff Clay brought down Arthur Harmon from Covelo Wednesday and he is now in jail. Sanford Redwine of Covelo and William Fox secured bail and were not brought here. M. D. Nolan of Mendocino forwarded his bail-bond to the sheriff's office and William Haas of Kenny and Lil Charles of Greenwood are said to have given surety for their appearance when wanted.

GOOD SHOWING MADE BY S. F. SAVINGS SOCIETY

The ninety-sixth semi-annual report of the German Savings and Loan Societty of San Francisco, which appears in this issue of The Press, shows the metropolitan institution to number among the strongest banks in the State. The total assets of the Society are given as $61,849,662.02. N. Ohlandt, president, and George Tourny, manager, of the Society, are both well known and highly esteemed bankers.

JOINT BIRTHDAY FOR BANK OFFICIALS

When two men as closely associated as Cashier Arthur Tracy and Assistant Cashier William Bromley of the Savings Bank of Mendocino County select the same day as a birthday, there is apt to be a conflict, but strange to say only harmony resulted, although Mr. Tracy intimated that he had preempted the natal day before his side-kicker ever thought of such a thing and that Mr. Bromley had shown a surprising lack of originality in picking out the same day on which to make his first appearance on any stage. Both gentlemen succeeded in celebrating their joint birthday to their satisfaction and deny the soft impeachment that they are twins, even though they are caged together at present.

Mr. Tracy states that he enjoyed jack rabbit for his birthday dinner, while Mr. Bromley feasted on chicken. Both are native sons of the Golden State, Alameda county being the birthplace of the former, while the latter hails from San Benito county. The bank cashier came to Mendocino county in June, 1876, so the scribe guesses that he grew up with the country. Our congratulations, gentlemen, and long may you live and prosper.

REDWOOD MILLS HOPE FOR GOOD '16 SEASON

January Starts Sawmills A-Booming With A Brisk Business

MENDOCINO IS KING

Fort Bragg Leads County Ports and Shipped Ten Cargoes to S. F.

The first fortnight of January is remarkable for the great impetus in the lumber industry and the new year promises to be most prosperous for the saw mill men in the same degree that 1915 was an off year. Mendocino county is more than maintaining its lead in redwood shipments and the receipts at San Francisco from our county ports total half-as-much again as Humboldt and Del Norte counties combined or 6,951,000 as compared with 4,626,000 from the two ports of Eureka and Crescent City.

The redwood figures from the Mendocino county ports are illuminating to the doubter, so we give them as follows:

Albion	1,394,000
Caspar	1,275,000
Fort Bragg	2,788,000
Greenwood	424,000
Mendocino	1,070,000
	6,951,000

There were twenty-three cargoes and these ranged from 125,000 feet to 625,000 feet, being credited to the ports as follows: Albion, 4; Caspar, 2; Fort Bragg, 10; Greenwood, 2; Mendocino, 5. There is a world-wide demand for redwood lumber and there are many prophets who predict that the entire year will be marked by busy times in the sawmilling industry. Here's hoping!

FINE CHICKENS AT THE STATE FAIR

The annual chicken show of the State Poultry Association was held last week at Sacramento and attracted a large number of visitors, while the exhibitors showed a record-breaking number of fine birds. Among the exponents of thoroughbred stock were the following from the coast counties: Hon. Hale Prather, Ukiah; Cliff Harvey, Cloverdale; Fred J. Kinley, Healdsburg; Frank Powell, Santa Rosa, and a host of others. The number of exhibits exceeded those of any similar show held heretofore and the quality of the birds shown was above that of most poultry shows of the West, showing a vast improvement in breeding stock in recent years.

The Barred Rocks were the star performers of the show and Fred J. Kinley captured second and third prizes in high-bred stock. County Clerk Hale Prather won two prizes, being third with his cockrel pen and fifth with pullet pen. The competition was exceedingly keen and there were many fine entries in these two classes.

UPPER LAKE PHONE LINE ELECTS NEW OFFICERS

The annual meeting of the Upper Lake Telephone Association was held last week and these officers were elected: President, J. D. Mason; Vice-President, Sam Jones; Secretary, Herbert Sneed; Treasurer, P. W. Polk. Reports of officers showed a very satisfactory year.

ADVERTISED MAIL MATTER

The following is a list of unclaimed mail matter advertised by W. B. Hagans, Postmaster of Ukiah, for the week ending January 17, 1916, and sent to the Division of Dead Letters, Washington, D. C.:

Mrs. Mattie Akin, Miss Fern Brown, Mrs. Wm. Bonsall, Miss Catherine Cox, H. A. Fairbanks, Fred Colgert, James, Jose, L. W. Kelsey, Harry Ragsdale, Henry Thompson, Miss Amy Williams.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

OLD SHINPLASTERS ARE WORTH MUCH IN MODERN MONEY

CITY TREASURER ROLLER POSSESSES ANCIENT CURRENCY WHICH HE PRIZES HIGHLY.

City Treasurer Julius Roller strolled into the Savings Bank of Mendocino County Tuesday morning to examine some papers in his safe-deposit box and as he started to leave, turned to Cashier Tracy with the remark that he had a collection of United States money that could not be duplicated by any bank in the county. This somewhat rash statement aroused a little doubt for the "watch-dog of the city treasury" is sometimes inclined to josh when not on official business and the bank officials requested to be shown. Mr. Roller produced sixteen ancient shinplasters which he purchased sixteen years ago and would not sell for sixteen times their cost. This collection of war-time currency includes one 3-cent bill, one 15-cent bill, three 5-cent bills, three 10-cent bills, four 25-cent bills, and four 50-cent bills. The bunch of bills totaled $3.63 in face value while their real value might be that many dollars.

The three-center was good only for postage stamps while the others were valid for customs, taxes and every other purpose that demanded legal tender. The engraving on all this fractional currency is as fine as that on the larger bills and both sides were printed, the obverse being the familiar (to some of us), green that gives them the name of greenbacks. All were issued during the dark days of the Civil War when the government credit was strained to the utmost.

Mr. Roller also has a half-dollar that was minted in 1806 and is in a good state of preservation notwithstanding it has commenced on its second century. He cherishes a silver ring of the Queen of Spain, having a crown on the inside.

CHICO NORMAL PLANS MATURING

The plans of the Chico State Normal school, to hold a summer session, are maturing.

The board of trustees of the Chico Normal will decide upon the matter, at their regular meeting on January 27.

Inquiries have come from experienced teachers all over the state, who desire to take advantage of this opportunity to receive the best methods of teaching hygiene and health, art, music, primary handwork, primary reading, spelling and writing.

Regular Normal credit will be given for all completed work.

It is proposed to hold this session at Upper Soda Springs, Shasta County.

GRAPE GROWERS WILL EDUCATE PROHIBITIONISTS

The wine men of Sonoma county have started a campaign for the education of citizens in opposition to prohibition and a meeting was held at Healdsburg Saturday when C. E. Bundschu, a member of the committee of wine men who visited Washington recently in the interests of the wine industry, made a report of what had been accomplished at the National Capital. This committee will draft a bill for presentation to Congress which will raise additional revenue without imposing any extra tax on the grape grower. The Sonoma County Grape Protective Association passed resolutions declaring that the two prohibition amendments which are to be voted upon next November will ruin the grape and wine industries which have been fostered by the State and Nation since 1862. The association also voted to secure funds for the educational campaign which it is hoped will swamp the prohibition cohorts.

SUMMER SCHOOL CONFERENCE HERE ON MARCH 29

Arthur C. Gunn, Sunday School Missionary for the Presbytery of Benecia, was a Ukiah visitor Tuesday to arrange for a conference of Sunday School workers to be held at the local Presbyterian Church on the vening of March 29. The Board of Education of the Presbyterian Church is contemplating organizing a Summer School for religious work in California and hopes to begin active work in this line during the coming season.

Mr. Gunn is considering the location of Lakeport in Lake county, and Guerneville on Russian River, on account of the aquatic sports as boating and fishing can be enjoyed. Millville Cal.—"I wish to tell you that I have used Dr. Pierce's Golden Medical Discovery in my family for 20 years. We have had a doctor called in but once during that time. I have a family of ten children, all well and hearty, for which, to a great extent, we owe thanks to you and your 'Golden Medical Discovery' and 'Pellets,' which we use when sick."—MR. C. W. PAWLEY.

THE NEWEST REMEDY FOR
Backache, Rheumatism and Dropsy.

Kidney, Bladder and **Uric Acid** troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "An-uric," the new discovery of Doctor Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Company examining doctors always test the water of an applicant before a policy will be issued. If you wish to know your condition send a sample of your water to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined **without any expense to you**, and Dr. Pierce or his Staff of Assisting Physicians will inform you truthfully.

W. M. Federmann, a Leading Druggist of Kansas City Stands By His Convictions

W. M. FEDERMANN

"I have always believed," he said, "that a druggist's first duty is to the health of his customers. I tell my people frankly that a safe, gentle, inexpensive laxative such as Rexall Orderlies, kept in the home, will pay the biggest dividends of any investment ever made. I recommend it as the best family laxative, because it is put up in tasty candy tablet form that appeals to men, women and children alike, and is as delightful and pleasing to take as it is healthful."

We have the exclusive selling rights for this great laxative. Trial size, 10 cents.

SHEEPMEN WILL ASK MORE COYOTE BOUNTY

Shall the coyote bounty in this county be increased to $25 per scalp instead of $6, as is now offered by the supervisors?

This is a question of vital concern to the sheepmen, and with brother stockmen from Sonoma, Lake, Humboldt and Napa counties, they have appointed committees to urge an increase before their respective boards of supervisors.

Perhaps the only sheepman in the county who has not complained of the rapidly-increasing number of coyotes is J. H. Clarke of Cahto, who has recently fenced his entire vast acreage with "coyote proof" fence.

SINGLE CHASSIS OF MAXWELL MOTORS

One hundred thousand automobiles of the familiar standard type will be the output of the Maxwell Motor Company's big factories during the next year according to announcement received by C. A. Bernhard, of the Ukiah Farmers' Club, local Maxwell dealer, from Detroit this week.

The expansion of the Maxwell Company, under its present policy of producing but a single chassis, has been remarkable, even in this day of rapid motor car development. But a little over two years ago the first of the familiar "25" types made its appearance. Since then the production has more than doubled itself each season, until now 100,000 cars are necessary to fill the natural demand.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off

Women of Sedentary Habits.

Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

PROBATE.

Bad Cold Quickly Broken Up.

Mrs. Martha Wilcox, Gowanda, N. Y. writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere.
